

Dear Friends & Supporters,

This "Support the Troops" effort would not be possible without the care and support of people like you. The attached thank you card is from the American Red Cross, located at one of our military bases at Camp Arifjan, Kuwait. As you can see, we are making a difference. Just letting them know that there are people back home thinking of them, is a big deal. We try our best to send them items they need, and request, including telephone calling cards that they can use to call home. So far we have sent over 80,000 - 60 minute phone cards to our troops on land and sea. Thanks again to everyone who helps.

Lloyd
