VETERANS VILLAGE

Bayville, New Jersey

HOMELESS VETERAN PROGRAM

In 2022, the Tunnel to Towers Foundation launched a new national campaign to eradicate homelessness in the veteran community. This program provides a stable home and a wide range of needed services to diagnose and solve the root causes of veteran homelessness, addressing a veteran's specific emotional, financial, and physical needs.

To date, Tunnel to Towers has provided housing assistance and access to supportive services to over 10,000 veterans and their families through the Veterans Villages across the country and the National Case Management Network.

The Foundation believes no veteran should live on the streets of the nation they signed up to protect.
